

Figure 3.22 Predicted electrophoretic mobility of each enantiomer at fixed C_β over a wide range of $C_{D\beta}$. Equations from 3.16 and 3.17 and data from Table 3.1.

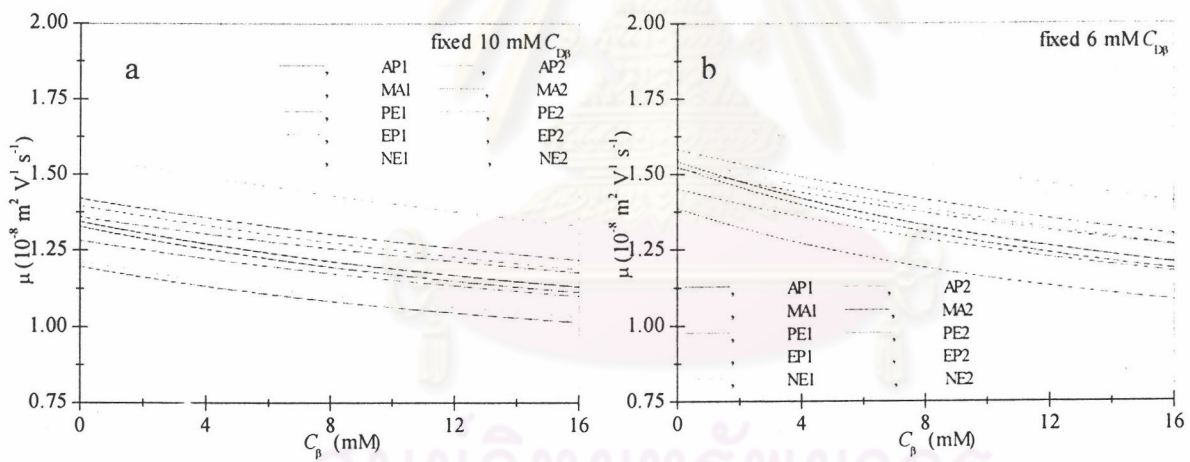

Figure 3.23 Predicted electrophoretic mobility of each enantiomer at fixed $C_{D\beta}$ over a wide range of C_β . Equations from 3.16 and 3.17 and data from Table 3.1.
