BIOGRAPHY

Miss Siriwan Silapakul was born on 11th March, 1979 in Lopburi. She finished her higher secondary course from Saipanya School in March, 1995. After that, she studied in the major of Food Engineering in Faculty of Agro-industry at Kasetsart University. She continued her further study for Master's degree in Chemical Engineering at Chulalongkorn University. She participated in the Biochemical Engineering research group and achieved her Master's degree in April, 2003.
