**Figure B11** The spectral subtraction of the IR spectrum of the standard solution: A by the IR spectrum of dichloromethane

**Figure B12** The spectral subtraction of the IR spectrum of the standard solution: B by the IR spectrum of dichloromethane

**Figure B13** The spectral subtraction of the IR spectrum of the standard solution: C by the IR spectrum of dichloromethane

## Curriculum Vitae

Miss Sununta Atsawasawan was born in Bangkok, Thailand, on September 30, 1977. She received the second honour in Bachelor of Science degree majoring in Polymer Science and Textile from the Department of Materials Science, Chulalongkorn University in 1999. She started as a graduate student with a major in Applied Polymer Science and Textile Technology, Chulalongkorn University in June 1999 and completed the program in September 2001.
