BIOGRAPHY

Mr. Apichart Srisantitham was born in Bangkok, on March 10, 1952. He received the B.S. degree in Physics from the Ramkhamhaeng University in 1979.

He is lecturer of mathematics and physics at the faculty of Agricultural Technology of the King Mongkut Institute of Technology Chaokhuntharn Ladkrabang. His main interests lie in the development of processing and display techniques for medical images.
