ABSTRACT

This thesis is worked by Silpachai Khammeesakdi in order to know the mosquito species in Bangkok and for further study of mosquito control in Bangkok.

ACKNOWLEDGEMENT

The author wishes to express his sincers appreciation to Mr. Swasdi Dharmikarak for his supervision which made this thesis possible. He is also indebted to Dr. Udom Pranich of National Malaria Eradication Project, and Mr. Manop Ratanarithikul of Malaria Division, USOM., for giving data about mosquitoes in Bangkok and offering helpful advice during the course of the work.
