Acknowledgments

The writer would like express his appreciation for the essential help given by Dr. Mary Lyon Triplett, Dr. Surang Konstrakul and Dr. Saisuree Chutikul for their advices and assistences during the project in both the translation and the analysis. In addition, the help of Dr. Govi Chutikul, Professor Poonsapeya Navawongs, the Dean of the Faculty of Education, Professor Chirayu Navawongs and the staff members of the Department of Psychology is gratefully acknowledged for their assistance in the task of translation. Dr. Michael Nery and Mrs. Barbara Nery assisted in the editing of the final draft of this report.

Thanks are also due to the cooperation given by the Psychological Association of Thailand and the Neurological Research Institution in giving financial aids for publishing MMPI booklets and buying essential materials for the present study.
