CURRICULUM VITAE

Name: Ms. Wimonwan Klinkajon

Date of Birth: July 14, 1987

Nationality Thai

University Education:

2005-2009 Bachelor's Degree in chemistry, Faculty of Science, Prince of Songkhla University, Songkhla, Thailand (1st honor)

2009-2013 PhD Degree in Polymer Science, Faculty of Science, The Petroleum and Petrochemical College, Chulalongkorn University, Bangkok, Thailand

Scholarships: The Royal Golden Jubilee, Thailand Research Fund

Thesis Title: Development of Biomedical Materials for Biomedical Applications

Publications:

1. Klinkajon, W. , Supaphol, P. (2014) Novel copper (II) cross-linked alginate hydrogels and their potential for use as anti-bacterial wound dressings. Biomedical Material, 9(4), 11.
2. Meng, L., Klinkajon, W., Khasuwan, P., Harkin, S., Supaphol, P., Wnek. G. (2014) Electrospun crosslinked poly(acrylic acid fiber constructs: Towards a synthetic model of the cortical layer of nerve. Polymer International, 64, 42-48.

Presentations:

1. Klinkajon, W. , Supaphol, P. (2011), Novel copper (II) cross-linked alginate hydrogels and their potential for use as anti-bacterial wound dressings. The 12th Pacific Polymer Conference, Jeju, Korea.
2. Klinkajon, W. , Supaphol, P. (2012), Novel copper (II) cross-linked alginate hydrogels and their potential for use as anti-bacterial wound dressings. The 33rd Thailand Research Fund, Pattaya, Thailand.
