CURRICULUM VITAE

Name: Mr. Jesada Chutipakdeevong

Date of Birth: February 15, 1985

Nationality: Thai

University Education:

2003-2007 Bachelor Degree of Science, Faculty of textile science and technology, Thammasat University, Pathum Thani, Thailand (2 nd. Class Honours)

Publications:

1. Chutipakdeevong J.; Ruktanonchai U.; and Supaphol P. Hybrid Biomimetic Electrospun Fibrous Mats Derived from Poly (ϵ -caprolactone) and Silk Fibroin Protein for Wound Dressing Application, in preparation
2. Chutipakdeevong J.; Ruktanonchai U.; and Supaphol P. Preparation and characterization of electrospun silk fibroin for tissue regeneration, in preparation
3. Chutipakdeevong J.; Ruktanonchai U.; and Supaphol P. Process Optimization of Electrospun Silk Fibroin Fiber Mat for Accelerate Wound Healing. Journal of applied Polymer Science, 130, 3634-3644.
4. Chutipakdeevong J.; Ruktanonchai U.; Supaphol P. Effect of resonance and oscillation force on morphology of gelatin film induced by Chladni plate system for tissue engineering application, in preparation

Invention/Patents:

1. Chutipakdeevong J. and Kunchornsup W. The winner of ECO Design 2010 on environmental friendly services category in the product of programming for eco-mind set "Eco-up"
2. Chutipakdeevong J.; Dangtonkee R. and Supaphol P. Patent of "Development of collector system for high productivity of electrospinning process" (2009)
3. Chutipakdeevong J.; Ng J.J.; Eakkabut P.; and Supaphol P. Patent of "The development of ultra fine spraying of natural herb extracted for mass production of air filter" (2011)

Presentations:

1. Chutipakdeevong J.; Ruktanonchai U.; Supaphol P. June 10-14, 2012 Morphological Optimization of silk Fibroin Electrospun Nanofibers for Wound Healing Enhancement. Paper presented at CIMTEC 2012 4th International Conference “Smart Materials, Structures and System”, Montecatini Terme, Tuscany, Italy, Oral Presentation.
