BIOGRAPHY

Miss. Wisullaya Phasook was born in Lopburi, Thailand on May 28, 1985. She received the Degree of the Bachelor of Engineering Program in Petrochemical and Ploymeric Materials, Slipakorn University in 2008. Then, she continued her post graduate study in Applied Polymer Science and Textile Technology Major at the Department of Materials Science, Faculty of Science, Chulalongkorn University and ultimately completed the Degree of the Master of Science in Applied Polymer Science and Textile Technology in October 2010.
